

Studierendenwerk Hamburg / Gustav-Radbruch-Haus

Name Provider	Studierendenwerk Hamburg Studierendenwerk is the biggest provider for student dormitory rooms in Hamburg.
Location	http://goo.gl/maps/to00o Public transport: U4 / Berliner Tor The dorm is very centrally-located and reachable with the transportation ticket you will receive from KLU. Travel time to KLU: about 25 minutes. You need to take the U4 that brings you to KLU directly (station Berliner Tor/3 stops to KLU) A shopping center (REAL) is reachable in few minutes walking distance.
Rent/month	Single-room (8-15 m²): 360 € (rent increase possible, final rent is not yet fixed) <i>all expenses incl.</i>
Features	The student dorm offers furnished, shared apartments (2-8 people). Each student has an own bedroom; kitchen and bathroom are shared. Bedding and linens are provided. Coin-operated washing machines are available. The student dorm offers several common areas incl. a bar. The monthly rent includes bedding, kitchen utensils, cable TV and internet connection.
Important information when making your decision	DON'T expect any luxury! The standard in the dorm is relatively low (average student housing). This means e.g. that the furniture is already older. Student Services' accommodation officer contacts the janitor of the student dorm regularly to make sure that the rooms have been cleaned before moving in. Nevertheless, since there are shared flats within the

residence in which several students live together, **it can unfortunately happen that students in a shared apartment do not necessarily have the same demand on the level of cleanliness.** Therefore it may occur that the shared kitchen and bathroom in particular do not correspond to the level of cleanliness you are used to. It is the students' own responsibility to agree with their flatmates on how often the communal areas are to be cleaned.

Still the student dorm is a good opportunity to get started in Hamburg, live with fellow students and get to know others as well. Every year a lot of KLU students make use of this opportunity – especially international students. The dorm is reachable with the transportation ticket you will receive from KLU. **If you have a small budget for accommodation and want to be sure to have a place to live before arriving in Hamburg, the student dorm is a good choice.**

Application procedure

We will let you know as soon as the application process is initiated and set a deadline for applications. Approximately at the beginning of June. Under all applications received we will decide by lot.
