How to Join the KLU Wireless Network on Android

Following instruction will show you step-by-step how to join the wireless network “The KLU” on your smartphone.

1. Adding the Wireless Network
   NOTE: the wireless network has to be in range in order to add it to your device
   
   - Go to “Settings” – “Wi-Fi” • Beneath “Choose a Network…” tap on “The KLU”
   - You will be prompted to state your credentials
     - StudentID@stud.the-klu.org
     - Your password
   - Choose on Phase 2 Auth the “MSCHAPv2”
   - Choose on CA-Cert “Don’t validate”
   - Click on “Connect”
